

Membership Eligibility
WAIVER

Like everything in the United States Army, each of the five criteria for membership in the Order of the JAGWAR is subject to waiver, pending approval by the JAGWAR Board of Advisors.

If circumstance, practicality, medical condition, or other limiting factor precludes eligibility for JAGWAR membership, complete the following form and submit it with your application.

I am not currently serving—and have never previously served—on Active Duty or in either the Reserve Component or National Guard as a member of the U.S. Army JAG Corps.

I have not completed—and will be unable to complete—the "Triple-R Induction Challenge".

I have not attained a minimum score of 270 points on the APFT (minimum 90 per event), or cannot obtain substantiating equivalent physical fitness records from my prior service, or am unable to now undertake a duly-administered APFT.

I have not qualified as a “sharpshooter” (or better) with the Army service pistol or service rifle (or equivalent weapons system), or cannot obtain substantiating weapons qualification records from my prior service, or am unable to now qualify on an equivalent weapon system.

I never previously completed—and cannot now complete—the requirements to:

- earn a Qualifying Military Badge;
- graduate from a Qualifying Army Service School; or
- successfully complete a Qualifying “Warrior Event”.
