3. The following course approved for deletion will be ZEROED out for FY22-out to eliminate any funding/resources; however proponent is directed to submit new training strategy NLT 1 May 21 based on the requirement to additionally adjust the resident 6E-F1/501-17-SI/ASI4N Ph-2 to unphased. Additionally recommend the (DL) Ph-1 class schedules (C3) be non-conducted at this time to ensure no Reservations will be approved, which will create future issues in deleting/modifying the course.

4. Personnel proponents are required to submit a MOCS proposal to TRADOC NLT April 2021, to revise DA PAM 611-21 (MOS SMARTBOOK) specifications removing or revising any references to the above mentioned award (ASI, SI, SQI), or non-award producing courses to include disassociation with any positions in force structure where appropriate.

5. It is recommended that schools review any courses which may have these courses listed as verifiable prerequisite courses in SLPC or text in order to make corrections based on these deletions.

6. If COE/Schools wish to add the courses back in the future, the action will be processed as a new course, requiring TAC-BA, entrance into the next cycle's TGOSC for Emerging Growth, and identification of any bill-pay abilities.
